

DecisionConnect for Shopify synchronizes your Shopify webstore and SyteLine. DecisionConnect automates your webstore sales process by importing orders into SyteLine, supplying shipping information back to Shopify, and synchronizing inventory and pricing between the two applications. Leverage Shopify's full-featured e-commerce solution with SyteLine ERP, integrated by DecisionConnect for Shopify.

## Synchronize Online Ordering with SyteLine

Trust your online business with top e-commerce platform, Shopify. Shopify offers a website experience used by millions, customized for your specific brand. DecisionConnect for Shopify synchronizes Shopify with SyteLine to provide your customer with the information necessary to make purchasing decisions. Product descriptions, real-time inventory availability, and pricing match SyteLine, offering your customers a hassle-free experience. Tracking Numbers generated from SyteLine shipping are passed back to Shopify to provide the customer with up-to-date delivery information.

### Key Features

- **Eliminate Manual Order Entry**  
DecisionConnect for Shopify automatically enters orders in SyteLine for you.
- **Synchronize Inventory**  
Show real-time SyteLine inventory availability to your customers in Shopify.
- **Promise Dates**  
Provide ATP/CTP dates derived from actual inventory and capacity availability from SyteLine.
- **Advanced Pricing Models**  
Apply the same customer-specific pricing defined in SyteLine in your Shopify webstore.
- **Flexible Configuring**  
Synchronize multiple webstores, multiple SyteLine sites, multiple warehouses with many-to-many configurations.
- **Uniform Order Numbers**  
Configure Shopify and SyteLine to follow the same numbering schemes/prefixes.
- **Quick Installation**  
Minimal setup required to have you up and running in less than a week.

Streamline order processing by eliminating the re-keying of customer orders into SyteLine. DecisionConnect adds the orders for you, maintaining the integrity of the data and reducing the overhead for your staff. Synchronized data means you don't need to manually maintain data in two different applications.

DecisionConnect is cloud-based and is compatible with both on-premises and cloud SyteLine deployments. Let our experts get you up and running quickly on a full-featured online store with a seamless integration to SyteLine.

Already live on another e-commerce tool or prefer another platform? DecisionConnect can be configured with other e-commerce systems, such as BigCommerce, WooCommerce, Magento, Amazon, and others.

## Technical Features

- **Shopify Metafields**  
UET-equivalent data from Shopify seamlessly integrated via DecisionConnect
- **iPaaS Solution**  
Hosted on Azure with full turnkey services.
- **Microsoft Exchange**  
Utilizes #1 message queue (not email)
- **Optional Office365 Platform**  
Displays orders in a uniform view within Outlook – the interface you already know.
